

Sara Scobie

Sara Kimberlee Scobie
Sep 9, 1983 - Mar 13, 2008

Our executive assistant, Sara Scobie, was killed in a tragic accident on Thursday, March 13th, 2008.

Sara started with the LSLBO as our assistant bander and she loved her time at the banding lab. Her face would light up when she knew that she was going to be out at the lab for the morning. She had a special place in her heart for our junior bird club; her family told us that she would regularly go home and tell stories of their adventures.

Sara shared our excitement and passion for all the amazing things that were happening around us at the Centre. She believed strongly in our vision and was going to be an integral part of building that dream.

Sara Scobie Memorial Fund

The family has requested that donations be made to the Sara Scobie Memorial Fund, c/o the Boreal Centre for Bird Conservation. Working with her family, this fund will be used for special projects in support of Sara's vision for the Boreal Centre for Bird Conservation.

Please support Sara's -- and our -- dreams for the Centre with a donation today.

[CLICK HERE TO DONATE](#)

During her brief time with us, Sara had amazing impact on all of us.
